Friday 09 March 2018

Dear Parents and Carers,

The Year 11 mocks continued this week, with students taking a mature approach to these important assessments. The exams that were due to take place last Friday, have been re-arranged to Monday 12th March. An updated timetable is on our website. For our Year 11 students MAA are running an Easter School, starting on Tuesday 3rd April. The timetable will be published on our website shortly for targeted students

On Tuesday 13th we have Joffre White visiting MAA. Mr White, author, master storyteller and Patron of Reading will be performing two "Power of Words" motivational shows. All students have received a £1 book token, if they haven't received one then please ask your child to pop along to the library for one.

It is National Science Week 12th - 19th March and at MAA all year groups will be having hands on interactive lessons. On Wednesday we also have an ex student, Mr Ben Steer joining us from Sheffield University to talk about his science career so far!

On Wednesday 14th March the Music Cup takes place at Grantham. This event is where our students perform and compete against the other academies in the Trust. Good luck MAA but most of all, enjoy the event, I look forward to hearing about your successes throughout the day on Twitter!

On Thursday 15th March we are holding our Options assembly for our Year 9s - explaining the subject choices available next year. A booklet and choices form will be sent home with your child for you to discuss over the weekend. Staff will be available at our Y9 parents' evening on Monday 19th March should you have any questions, please bring the completed options form along on the evening.

In order for lessons to run smoothly, we have expectations regarding what equipment students should have with them every day. Apart from the standard equipment in a pencil case, all students should have a calculator and if possible a glue stick.

Thank you for the correspondence that I have received this week regarding life at MAA, feedback from the mock exams, improvements in communication and homework. I always appreciate your support as we continue to strengthen the home/school partnership.

Yours sincerely

*Nicola Koncarevic
Associate Principal*
