PAST SCHOLARS

Elsie Ward

Being a music scholar at MAA set me up perfectly for a career as a Music Theatre actor. As well as taking part in amazing school shows, I played the flute in the Concert Band, learnt the piano, studied Music at GCSE and A Level, and did lots of choral singing. The breadth of my experiences at school enabled me to make faster progress than my peers – I'm so grateful to everyone at MAA!

Aaron Peters

I came to MAA as a singer – becoming a Music Scholar enabled me to learn the clarinet and saxophone and take part in so many instrumental groups as well as furthering my love of singing through the choirs. The amazing connections MAA and DRET have meant that I got to sing in professional operas and with professional orchestras – I'm now in my final year at conservatoire (RNCM) as an operatic tenor and look forward to making my career singing. I don't think I would be here if I hadn't been to MAA!

Francesca Glithero

I've just graduated from the University of Birmingham with a First Class degree in History and was awarded the prize for the highest scoring dissertation in the department of History. At MAA, I developed a love of learning and high standards from Music - the rehearsals were so stimulating, the opportunities to sing with professionals were amazing, and A Level Music helped my research, essay writing and discussion. I'm now planning to audition for conservatoire and pursue a career as an operatic mezzo soprano. Being a Music Scholar opened doors for me!
